CONGRATULATIONS ON CHOOSING THE ULTIMATE SUCCESS FORMULA

To get good use of this powerful tool you will need to go through it with great thought and honesty.

Our suggestion is to take your time and get this right, work smart before hard and get an understanding of what you really want to create and achieve before spending any of your time, other people's time and your financial capital.

Read over the whole formula first before starting it so you become familiar with the 8 steps, then go back to the start and brain storm on all your ideas. Write everything down, use a mindmap to help you. No idea or thought should be left un-written in this process. You can edit afterwards and take what you want to use, and leave behind the rest.

Important things to consider:

Know your WHY?

For what PURPOSE?

What is your intended OUTCOME?

Also very important to remember

“There is no failure, only feedback!”

“Your inner strength is your outer foundation!” – [Allan Rufus](#)

Ultimate Success Formula

THERE IS NO FAILURE, ONLY FEEDBACK!

9. Evaluate – If you don't have success, then take the feedback to number 5 and ask yourself "What do I need to do to achieve this goal?"

PLACE A CIRCLE AROUND THE NUMBERS

On a scale of 1 - 10: “How much do you want to achieve your goal?”

1 – 2 – 3 – 4 – 5 – 6 – 7 – 8 – 9 – 10

On a scale of 1-10: “How much effort are you willing to commit to it?”

1 – 2 – 3 – 4 – 5 – 6 – 7 – 8 – 9 – 10

GOAL SETTING

EXAMPLE OF GETTING WHAT YOU ASK FOR

You are sitting in a restaurant and a waiter asks you to place your order, and you say “Please bring me something to eat and drink!”

When the waiter brings you something and you don’t like it, are you going to complain?

OR

Is it not better to be specific in what you want, to save you time and unnecessary delays in getting something that you actually want?

Because what you order, is what you will get!

Developing a Powerful Vision

A vision is an ambition that you create in your mind. Aspire to bring this vision to life by planning a working roadmap from start to completion. It is this vision and plan that drives you forward and gives your life meaning and purpose to strive ahead. Once you have the power and motivation to achieve your ambitions you can inspire others around you with your positive mindset, motivation and drive.

So how do you plan on developing a powerful vision, inspire your life as well as the lives of others under your influence?

Think Ahead and Plan

You have the power to dream, and you should plan your vision to meet your goals. Think of how you are now and how you want your future to be. You create your vision to not only to bring in power and success to your career but also to work for your relationships and all other aspects of your life. When you think ahead and plan in your mind, you create the vision, strategy and pathway you want to take. Make it very specific and distinct.

Think Positive

To develop a powerful vision, you need to develop a positive mindset. Unless you think positive, the actions or planning cannot happen in a positive manner. So, it is very essential to have a positive mindset in order to move ahead. Without positive thinking, there is no vision. Without a vision, there is no goal to achieve in your life.

Use the Power of Affirmations

Positive thinking and affirmation with a belief in yourself is very important. Develop powerful visions to carry you forward to achieve great success. You need to have motivation and it should be constant, and using the power of affirmations is a great way to help you get all the motivation you desire.

Set Goals

Based on your vision, it is essential to set goals both short term and long term. It is essential to visit these goals often and check how many of them you have been able to achieve. If you have been successful in attaining your goals, celebrate them and take credit for them. This will help you remain motivated. But, at the same time, if you have not been able to achieve some of these goals, it is best not to lose heart but to see why you have not been able to reach these goals and look at how to strive towards reaching them.

The vision that you have generated from your zeal to excel should not just remain an unfulfilled dream. Rather, it is in your hands to give it the proper shape and molding that it requires to make it grow and attain fruition. Otherwise, the vision has no value.

WHAT OTHERS ARE SAYING ABOUT THIS BOOK!

“It has not been a coincidence that I have come upon this book. It has touched my heart and has made me aware of so much. I have a better understanding of Loving myself and Life. I have gone to your website to find more of what resonates with my heart. Thank you for sharing with us all the wisdom from your heart, that which will help us all. I now know that I’m unconditionally loved. That’s big....Joy to you and your life. Thank you for helping me on my journey....” – Christell Benson

“Some of the best information on sacred knowledge around.” 5.0 out of 5 stars

*“The Masters Sacred Knowledge is a must read for anyone that is genuinely seeking real, lasting and quantifiable “change” in their personal lives. True, there may already an abundance of self help books out there at the moment. But rarely have I read one as insightful or plainly written as the “Master’s Sacred Knowledge”. Not only is it a great introduction to some of the core principles of spirituality and living a simpler, better life, it’s very words seems to speak to a deeper part of “self” that needs to be nurtured and cared for. **A real gem of a book** and one that I am sure to read over and over! I’m glad it found its way to me.” Charles Anthony McFaulds*

*“THE MASTERS SACRED KNOWLEDGE – is a very rare book that deals with the positive hidden elements in a person. Today we are all surrounded by worries, trouble & negative forces. This is a book that gives us an insight to counter these forces that tend to slow down /destroy our development in this fast changing world. I would recommend this book to all who want to excel in life & face this world very bravely. This is a book **MUST** for all those who have lost all hope in life. This book gives us the key to open our inner energies & win over the world.” NELSON D’SOUZA*

*FROM BODY AND MIND SOUTH AFRICA “We live together in this life, along this amazing journey to learn, to grow and to love. And every now and then, we come across some inspiration, an epiphany that alters the path ever so slightly but makes sure we learn what we need to learn. Along this journey we also have choice. This God-given gift is so precious. There comes a time in life when we realise that life is not only about making money and driving a nice car. Yes, we need to live because nothing is free, but we can achieve the same material goals with God in mind all the time... we can dedicate everything to that Supreme Infinite and then life becomes blissful. It is at this time when we seek spiritual guidance. **It is known and has been said that ‘when the student is ready, the teacher appears.’ The Master’s Sacred Knowledge, by Allan Rufus, is one such teacher.** This is indeed a ‘key to your inner treasure.’ The text itself flows well, is very easy to understand and offers practical daily advice. Allan is indeed an honest and sincere spiritual individual – truly noted by his courage to publish such a book. What I love about this style is that you can read from cover to cover, or simply ask yourself a question and flip the book open – read the chapter and use it as your inspiration for the day. Take it, with an open heart, and enjoy it!” Body and Mind South Africa*

“SPEECHLESS!!!! Most amazing book ever!!!

Thank you for sharing this unbelievable knowledge in such an magnificent way. You are truly a Master.”

Love it!!! Love it!!! Love it!!!” Lucia
